* Primary Nominee

* **Description:**

A short description (one or two paragraphs) of the project (process, function, technology) and summarize its contributions to the enterprise, the extent of its incorporation, and how it relates to the mission of the enterprise. (max 3,000 characters)

* **Innovation:**

Describe technical, process, or organizational innovation of the project. How does this affect the long term goals/strategies? In this area, greater weight is given to projects that demonstrate innovative uses of technology and new ways of delivering value than those that simply automate existing processes (max 4,500 characters).

* **Financial Impact:**

Briefly describe the financial impact of the project such as ROI, value to customer, flexibility cost/risk avoidance, and savings. Judges tend to give a higher weight to real numbers versus projections. (max 3,000 characters)

*** Operational Consequence:**

Describe the operational impacts of the project regarding speed/cycle time, collaboration, accuracy, decision improvement, impact on situational awareness, etc. Greater weight is given to projects that increase mission assurance, flexibility, and user impact that delivers operational success. Judges look for facts and figures that support claims made. (max 4,500 characters)

*** Cultural Change:**

Describe the issues and the methods/obstacles to produce cultural change in the enterprise related to project implementation. Greater weight is given to projects that have had an impact on organizational behavior and have fostered attitudinal shifts that enable further innovation. (max 4,000 characters)
