MAY 13-14, 2014 ▶ PHOENIX CONVENTION CENTER ▶ PHOENIX, AZ ▶ EVENT #4A06

8:00 AM	**Welcome** *Dr. Jon Haas*, College of Global Security and Intelligence, Embry Riddle Aeronautical University
8:15 AM	**Keynote Speakers** *Roberta "Bobbie" Stempfley*, Acting Assistant Secretary of the Office of Cybersecurity and Communications, DHS
9:00 AM	*David Grawrock*, Senior Principal Engineer and Security Architect, Intel Security Center of Excellence
9:45 AM	**Networking Break**
10:30 AM	**Creating US Cyber Command—Does DoD Have a Role in Defending the Nation in Cyberspace?** *Brig Gen Linda Medler, USAF (retired)*, former Director, Capabilities and Resource Integration (J8), United States Cyber Command.
11:15 AM	*Phillip Jones*, Dean, College of Security and Intelligence, Embry-Riddle Aeronautical University
12:00 AM	**Lunch with the Join Armaments Conference**

BREAKOUT SESSIONS

1:30 PM	**NIST Cybersecurity Framework** Moderator: *Rick Smith*, Cyber Clarity *Kevin Stine*, Manager, Security Outreach and Integration Group, Computer Security Division, Information Technology Laboratory, NIST *Bryan Martin*, Vice President, Cyber Security & Privacy Practice, SRA *Rob Roy*, Federal Chief Technology Officer at HP Enterprise Security Products *Christopher Duvall*, CISSP, CeH Section Chief, IT and Communications Sectors, DHS	**Growing the Cyber Workforce** Moderator: *Dr. Jon Haas*, ERAU Access to trained, qualified individuals is a common challenge for public and private sector. The session will address STEM education and Academic/Industry partnerships that are preparing our workforce to to better deal with cybersecurity complexities. *Edward Swallow*, Chairman, NDIA STEM Workforce Division, VP, Northrop Grumman
3:00 PM	**Networking Break**	
3:30 PM	**Combating the Threat** This session addresses what can be done today to combat the ever-present threat from hactivists, criminals and nation states. It will also address the consumer-driven growth of mobility and the consequences that is having on security architectures and protocols across public and private sector. Moderator: *Brent Wildasin*, Managing Director, Interos Solutions *Gerard Warrens*, Founder and CEO, Stealth Software *Steven R. Hooper*, VP Law Enforcement Practice, Stealth Software *Frank Grimmelmann*, Arizona Cyber Threat Response Alliance	**Legal and Economic Impact of Cybersecurity** The real data breach consequences to business are all measured in terms of economics. This session examines cybersecurity from that perspective and addresses topics such as equity markets, valuation, legal liabilities, loss of intellectual property, risk management, loss prevention, and insurance. Moderator: *Gavin Long*, Co-founder and COO of Axio Global *Elizabeth (Beth) A. Ferrell,* Partner, McKenna Long & Aldridge LLP *Tony Summerlin*, Senior Advisor to the CIO, Federal Communications Commission *Tom Goldberg* (?)
5:00 PM	**Adjourn**	

Wednesday MAY 14 *2014*

8:00 AM	**Welcome**
	ERAU
8:15 AM	**General Dynamics Speaker**
8:45 AM	**Computer Network Defense and the Cyber Kill Chain** Mike Gordon, CISSP, IAM/IEM, Director, Intelligence & Operations, Lockheed Martin, Corporate Information Security
9:15 AM	**Boeing Speaker** Greg Deiter, Vice-President, Information Services & Information Management, The Boeing Company
9:45 AM	Dr Tomas Sanders, HP Threat Center
10:15 AM	**Networking Break**
10:30 AM	**Transition to Practice: Making R&D Payoff** Douglas Maughan, Ph.D., Division Director, Cyber Security Division, Homeland Security Advanced Research Projects Agency
11:15 AM	**Closing Speaker**
12:00 PM	Lunch with the Joint Armaments Conference

1:00 PM	**Building for 2020: Aviation and Cyber** The nation's airspace systems are reliant on secure data, and the integration of UAVs represents an additional layer of complexity. This session addresses cyber impacts on NextGen for commercial air and the growing UAV use in the US. Moderator: ***Robert Mansfield***, Director CAAL	**Cyber R&D Workshop** A discussion of transition to practice SBIR initiatives that are designed to deliver innovative solutions to cyber challenges. Panelists include Doug Maughan of HSARPA. Moderator: ***Rick Smith***, Cyber Clarity ***Douglas Maughan, Ph.D.***, Division Director, Cyber Security Division, Homeland Security Advanced Research Projects Agency ***Ann Cox, PhD***. Program Manager Cyber Security DivisionHomeland Security Advanced Research Projects Agency (HSARPA) ***Mr. Dan Best***, PNNL ***Dr. Sal Stolfo***, Red Balloon Security ***Dr. Tomas Sander***, HP	**Understanding and Applying the NIST Cybersecurity Framework** A presentation of the recently released NIST Cybersecurity Framework and a facilitated discussion of how the framework addresses privacy and civil liberties, implementation needs and profiles, framework taxonomy and areas needing further development (authentication; automated indicator sharing; conformity assessment; cybersecurity workforce; data analytics; international aspects; privacy standards; and supply chain risk Moderator: ***Mike Davis***, Cyber SME (retired from SPAWAR) ***Kent Landfield***, Director, Content Strategy, Architecture and Standards ***Gates, Jason*** -DHS
2:30 PM	**Networking Break**		
3:00 PM	**Proactive Strategies for Weathering the Perfect Cyber Sandstorm** A panel conversation about what industry and Government are doing to collaborate on protecting their enterprises and to share information regarding cyber threats and effective defenses. Panelists from State and Local Government, AZ FBI Infragard, ACTIC and participating organizations talk about the strategic, tactical, legal and policy aspects of building a more secure environment. Moderator: ***Frank Grimmelmann***, President & CEO/Intelligence Liaison Officer Arizona Cyber Threat Response Alliance ***Karen Dickenson***, Polsinelli ***David Stevens***, Chief Information Officer, Maricopa County ***Mike Lettman***, Chief Information Security Officer, State of Arizona ***Daniel Christensen***, Sr. Privacy and Security Counsel, Intel Corporation
