

ASD (NII)/DoD CIO Key Priorities

- ***Enterprise-wide Alignment:*** Accelerate DoD information age transformation to increase the effectiveness and efficiency of the warfighting, intelligence and business missions.
- ***Mission Assurance Enhancement:*** Ensure the Global Information Grid (GIG) supports DoD missions under all threats, cyberspace and physical.
- ***Knowledge as a Strategic Asset:*** Enhance decision making through timely and assured information sharing.
- ***Portfolio Management:*** Provide for the timely and effective delivery of key Net-Centric capabilities through portfolio management.
- ***National Leadership Support:*** Expedite the implementation of unique C3 capabilities that support the National leadership and DoD core missions.
